

Rulebook Of TechnoDance

1. Purpose & Scope -

The purpose of Techno Dance is to provide a creative platform where participants can combine dance, music, and technology to present innovative technical concepts through different dance forms. This SOP covers the complete conduct of the event, including registration, participant requirements, technical-theme guidelines, music submission, performance, technical arrangements, judging, safety, discipline, and result declaration, and applies to all participants, coordinators, volunteers, technical teams, and judges involved in the event.

2. Participation Guidelines -

- Participate must complete registration within the specified deadline.
- All participants must carry their valid college ID card & Government ID proof.
- Each participating group must consist of 10-15 members.
- Each team will be allotted a maximum of 10 minutes for their performance.
- Participants may perform in any dance form including classical , hip-hop, contemporary, folk, fusion, etc.
- Costumes must be appropriate, respectful, and in accordance with the decorum of the institution.
- Participants are required to bring their own costumes and props for the performance. All items must be arranged and managed by the participating team.
- All team members must belong to the same college/ institutions. Cross-college or mixed-institution teams are not permitted.
- Every performance must be based on or incorporate a technical theme.

- Participants may use technical/technology-themed music, sound effects, visuals, props, or narration to enhance their concept.
- The music track and technical-theme description must be submitted within the specified deadline.
- The chosen technical theme should be clearly reflected in the performance.
- **Online Screening & Shortlisting:** Prior to the offline final performance, an online screening and shortlisting round will be conducted. Participating teams are required to share a short video clip of their performance with the clip of their performance with the organizers. Only the shortlisted teams will be eligible to perform in the offline round.
- Participants must follow all safety, discipline, and event instruction.
- Violation of the rules may lead to penalty and disqualification.
- **Tie-Breaker Rule:** In the event of tie, the team with the higher score in Technical Theme & Concept will be given preference. If the tie persists, subsequent criteria will be considered in the prescribed order. The judges' decision shall be final.
